The Muse: The Everything Guide to Working as an Accountant

May 9, 2023

Christine Smith, senior professor of practice in accounting, was interviewed by The Muse for a story about career opportunities in accounting.

> But even as technology evolves, experienced accountants are needed for analytics, problem-solving, interpretation, and communication, says Christine Smith, senior professor of practice in the accounting department at Tulane University's A.B. Freeman School of Business. "Robots can do a certain amount, but at the end of the day, it's going to take an experienced person to say, 'Does this make sense?'"
