Nathan Krippner (MBA '25)
River Forest, IL

What is a fun fact about you?

I ran with the bulls in Spain last month.

From your internship or work experience, what are you most proud of?

I've worked every summer since 2018. My internships with a law firm and a car rental company, both in New Orleans, were my most meaningful jobs.

Why are you pursuing your MBA?

To better identify what area I wish to work in and to gain a better understanding of that area before pursuing a job in it.

What attracted you to Freeman? What do you hope to achieve here?

I went to Tulane as an undergraduate student and I love and respect Tulane/Freeman and New Orleans. I hope to learn more about myself, to increase my business knowledge and to discover a career path that excites me, as well as make more great memories in this city.

Where do you hope to be in five years?

Working full heartedly toward my young career, at a company that I enjoy working at that is pushing my boundaries frequently.

What do you like to do in your spare time?

I swim and play water polo, and love fishing and backpacking.
