

International Business Times: How the Fed's interest-rate cut will affect your sustainable investments and personal finances

September 24, 2024

[Peter Ricchiuti](#), senior professor of practice and research director of [Burkenroad Reports](#), was interviewed by [International Business Times](#) for a story about how the Fed's recent interest rate cut will impact sustainable investments.

Companies involved in combating climate change are “generally younger and need to borrow a great deal of money to grow,” says Ricchiuti. “Lower interest rates reduce the cost of borrowing, and therefore helps these businesses increase earnings.”
