MBA Class of '25: Jake Davidson

September 28, 2023

Jake Davidson (MBA '25)
Meridian, MS

What is a fun fact about you?

I am the fourth person in my family to enroll at Tulane!

From your internship or work experience, what are you most proud of?

My summer internship doing door-to-door sales in Texas for the summer of 2021, while not the most fun per se, was definitely something I can look back and be proud of completing.

Why are you pursuing your MBA?

I am poised to be the fifth generation of company presidents for an 85 year old plumbing distribution company, and in order to continue to grow and expand the company I need to learn and understand the necessary tools to take the company to new heights.

What attracted you to Freeman? What do you hope to achieve here?

Besides both my father and grandfather attending Tulane, Freeman's MBA program offers very unique concentrations such as the new ESG specialization, but the courses offered and their professors seem to align with my career aspirations as well.

Where do you hope to be in five years?

I hope to be leading the Southern Pipe & Supply management program; continuing to learn and grow both myself and the company.

What do you like to do in your spare time?

I really love the outdoors, travel, food, and sports. In my spare time I like to read in a park or enjoy tennis or golf.
