

USA Today: Value meal wars continue in 2025

February 1, 2025

[Chris Hydock](#), assistant professor of marketing, was interviewed by [USA Today](#) for a story about the growth of "value meals" at quick-service restaurants.

"Consumers are continuing to feel the sting of inflation and so more than half of Americans are eating out less than they used to," Christopher Hydock, a professor at Tulane University's School of Business, who specializes in consumer experience and retail pricing, told USA TODAY.
